

The Highland House staff is a TEAM of outgoing, hardworking, self-confident individuals.

We hire people who like people, who can entertain people and who enjoy serving people.

We service an established community of educated adults and their families. Therefore, we must hire accordingly.

Our staff members must be outgoing, able to talk to anyone that comes through our front door.

We expect our employees to convey a sincere message of warmth and hospitality to all. We need employees, who on their own have the confidence to entertain their customers, and create a friendship with their customers that will in turn bring them back to see us over and over again. Because we are a team, each staff member is hired on the basis that they will become a team player. Our staff is open and outgoing. We are good to each other. We work well as a team. It is important that you work well with others if you wish to hold a position here.

The service industry is not for everyone. If you enjoy people, have patience, can endure stress in certain situations And if you can serve customers with sincere happiness at all times (no matter what is going on in your personal life)

You should fill out an application.
